

## **St Lawrence Elementary School Admission Policy**

We are thrilled you are considering St. Lawrence Catholic School for the 2026-2027 School Year! St. Lawrence is a Roman Catholic elementary school committed to the spiritual, academic, and personal development of a diverse community of students. Inspired by the Gospel of Jesus Christ, we nurture students so they will become compassionate and confident life-long learners.

In order to ensure an orderly and equitable admission for children to St. Lawrence School, this policy and procedure is adopted and shall be periodically revised to allow for improvement based on the changing needs of parish membership, demographic trends and/or other pertinent factors. Once ratified by the Principal, revisions of this policy shall supersede any prior admission policy of the School.

The School strives to accommodate students with physical, emotional, social, or learning challenges. However, families must fully disclose the nature and known extent of such challenges at the time of registration. The School has limited resources to meet certain challenges and may recommend educational alternatives that may better serve the needs of some students. When determining if a transfer student can be served, the School will consider both the individual student's needs and the existing dynamic/needs of the class that would be accommodating the new student.

The School Administration and Pastor establish policies for admission of Catholic and nonCatholic students in alignment with archdiocesan policies. Catholic Schools administered under the authority of the Archdiocese of Cincinnati comply with those constitutional and statutory provisions as may be specifically applicable to the schools which prohibit discrimination on the basis of race, color, sex, age, disability, or national origin in the administration of their educational, personnel, admissions, financial aid, athletic and other school administered programs. This policy does not conflict with the priority given to Catholics for admission as students. This policy also does not preclude the ability of the school to undertake and/or enforce appropriate actions with respect to students/parents who publicly advocate any practices or doctrines which are inconsistent with the religious tenets of the Catholic faith. Catholic schools have not been, nor shall they become, havens for those wishing to avoid social problems confronting them in the public sector.

St. Lawrence is a Catholic school that abides by the teachings and rules of the Catholic Church. Faith is integrated into all aspects of the school's activities. It would be inconsistent with the school's identity and mission to teach, promote, or encourage an understanding that is contrary to Catholic teachings. Thus, a student's expression of his

or her gender, sexual identity, or sexuality that is inconsistent with the Catholic Faith may be considered by St. Lawrence when determining whether to admit or retain a student.
